

# Kansen binnen fusie

Kansen binnen fusie

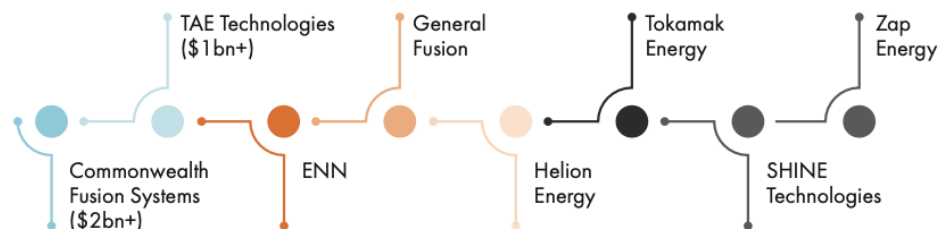

Paul Hieltjes

Industrie middag 14 oktober 2024

# Grote investeringen in commerciële Fusie

## 4. COMPANIES WITH \$200M INVESTMENT OR MORE

- DIFFER and Commonwealth Fusion Systems (CFS) signed a two-year Statement of Work to advance the realization of fusion energy. The collaboration project aims to develop a framework for exhaust control, including models, observers, and controllers for CFS's SPARC fusion machine.

Shine: bouw isotopenfabriek Veendam

# Belangrijke contact mogelijkheden

SOFE 2025 will be held on campus at MIT!

Er komt een Nederlandse stand op 23-25 April in Marseille.

Er is nog plek!

# Zelf kijken naar tenders of abonneren op mailings

Reference	Title	Tender Process	Current Step	Cost range
IO/21/CFT/70000726/JLE/LOT 4	Prototype Design, Development and Testing for the ITER Disruption Mitigation System _LOT4 General Engineering		Pre-qualification Status: <b>Closed</b>	A
IO/23/CFT/70000863/JLE	Design, Prototype, Qualification, Manufacture and Supply of integrated vacuum extensions		Call for Tender Status: <b>Ongoing</b>	A
IO/21/CFT/70000726/JLE/LOT2&3	Prototype Design, Development and Testing for the ITER Disruption Mitigation System _LOT2 Gas handling and LOT3 Vacuum system		Call for Tender Status: <b>Ongoing</b>	A
IO/20/CFT/10018927/JPK	Procurement of two Water Decay Tanks		Awarded Status: <b>Closed</b>	A
IO/22/CFT/70000890/KJT	Catia Enovia Systems High Level Customized Services		Awarded Status: <b>Closed</b>	A
IO/21/CFT/70000726/JLE	Framework Contract for "Prototype Design, Development and Testing for the ITER Disruption Mitigation System - Lot 1: Cryogenics		Awarded Status: <b>Closed</b>	A
IO/24/CFT/70001151/AJI	Common Components Procurement		Call for Nomination Status: <b>Closed</b>	B

De ILO heeft info, wie er een pre-qualificatie heeft voor grote tenders. Kansen voor subcontractor werk.

Er komen meer Technology Development contracten om betaald “key” technologie te ontwikkelen.
